 Matt Black  
**MB**

**PVD Polished**

  
 Gold  
**GO**

**PVD Brushed**

  
 High Brass  
**HB**
  
 Copper  
**CO**
  
 Gun Metal  
**GM**

## DIMENSIONS

## FLOWRATE

MIN: 1 bar | MAX: 5 bar | BEST: 3 bar

## PRODUCT CARE

To avoid damages to the purchased equipment, please observe the following recommendations for use:

- Clean the plumbing before connecting the device.
- Periodically clean the water blade to avoid any limestone deposits that could compromise the good functioning.

Advice: The installation of a filter and water-softener system improves and extends the life of the devices and of the plant itself.

### CLEANING OF METAL PARTS:

For an easy cleaning of the metal parts of the product, simply use a soft cloth moistened in water and soap or an anti-limestone detergent.

To avoid spots caused by calcium in water, we advise drying with a cloth after each use.

Advice: Please use only natural soap-based detergents avoiding those with alcohol, hydrochloric acid or phosphoric acid, bleach, chlorine etc. and those containing abrasive powders.
