TECHNICAL DATA SHEET 01.

Product Type: | Slidebar Product Code: | **E087076**

Product Name: | Slidebar with Square rosettes

Description: Saliscendi con presa acqua esterna

Slidebar with external water outet

Dimensions: L 900 mm

Material: Acciaio 316 | 316 Stainless Steel

316 AISI

High Brass 316 HB Copper **316 CO**

Gun Metal Absolute Black 316 GM 316 AB

DIMENSIONS

PRODUCT CARE

To avoid damages to the purchased equipment, please observe the following recommendations for use:

- Clean the plumbing before connecting the device.
- Periodically clean the water blade to avoid any limestone deposits that could compromise the good functioning.

Advice: The installation of a filter and water-softener system improves and extends the life of the devices and of the plant itself.

CLEANING OF METAL PARTS:

For an easy cleaning of the metal parts of the product, simply use a soft cloth moistened in water and soap or an anti-limestone detergent. To avoid spots caused by calcium in water, we advise drying with a cloth after each use.

Advice: Please use only natural soap-based detergents avoiding those with alcohol, hydrochloric acid or phosphoric acid, bleach, chlorine etc. and those containing abrasive powders.
